FIRST CLEANSE PRODUCT KNOWLED

WHAT IS FIRST CLEANSE?

First Cleanse is a unique, 15 day all natural herbal cleanse, formulated specifically for the 'first time' or 'sensitive' cleanser. It is designed to stimulate the cleansing and detoxification process of the body's 7 channels of elimination: the liver, lungs, colon, kidneys, blood, skin, and lymphatic system. First Cleanse is strong enough to be effective, yet gentle enough that it will not cause a 'cleansing crisis' which may occur when performing a more advanced cleanse.

HOW IS IT DELIVERED?

First Cleanse is a two part cleanse. The first part is an herbal organ detox formula. The second part is a gentle colon cleansing formula. First Cleanse does not contain laxative herbs such as casgara sagrada or senna. It also does not contain magnesium hydroxide, which is used to hydrate the colon in more advanced cleanses.

G

WHAT DOES IT DO?

First Cleanse stimulates the body's 7 channels of elimination, to enhance the normal process of detoxification (ridding the organs of toxins, free radicals, and pollutants) and cleansing (eliminating these substances through the bowel & urinary tract).

HOW DOES IT WORK?

First Cleanse works by directly stimulating the organs, thereby enhancing the detoxification mechanisms of the body. The cleanse contains herbs such as milk thistle, dandelion, and turmeric, which stimulate the liver's production of bile. The liver transfers toxins into the bile, which is then carried into the intestine, where it is absorbed by fibre and then removed from the body. First Cleanse also contains the herbs buckthorn, rhubarb and triphala which stimulate peristalsis (contraction of the colon), and artichoke which acts as a diuretic to increase the volume of urine excreted. Both aid in the removal of toxins. First Cleanse also contains herbs that stimulate elimination of toxins through the skin and the lungs.

HOW DO I TAKE IT?

First Cleanse should be taken as follows: 2 capsules of First Cleanse I in the morning on an empty stomach, and 2 capsules of First Cleanse II in the evening with 250ml of water (1 full glass) on an empty stomach. This cleanse will last for 15 days. Increasing your water intake is recommended as water will help with the cleansing process and keep your body hydrated.

WHAT CAN I EXPECT?

Depending on your state of health, you can experience a range of results while taking First Cleanse. Customers report results ranging from increased energy, to weight loss, to increased bowel movements. Overall, cleansing is a vital part of maintaining good health and reducing the risk of degenerative diseases.

SUPPORT PRODUCTS

An important aspect of cleansing is to ensure that fibre intake is at an optimal level (30-40 grams per day). Fibre absorbs toxins and brings them to the colon for elimination. It is recommended that you use FibreSMART as directed on the label, as part of your cleansing program and maintenance afterwards.

ONCE YOU HAVE FINISHED FIRST CLEANSE, YOU MAY WANT TO MOVE ONTO THE NEXT LEVEL OF CLEANSING WITH CLEANSESMART, A MORE ADVANCED 30 DAY CLEANSING PRODUCT

Brenda Watson Naturopathic Doctor, Certified Nutritional Consultant, and Colon Therapist

Renew Life Canada 8 - 1273 North Service Road E. Oakville On, L6H 1A7

What does it contain?

FIRST CLEANSE I

There are several catagories of herbs used with First Cleanse I (Morning Form herbs support gentle detoxification through the 7 channels of elimination.

Herbs for the Liver

- Chologogues (Herbs that stimulate bile flow in the liver)
 - artichoke, blessed thistle, burdock, dandelion, milk thistle, tumeric, wormwood, yarrow and yellow dock
- Hepatoprotective (Herbs that protect the cells of the liver)
- milk thistle, turmeric, beet root

Herbs for the Bowel

- Aperient (Herbs that gently stimulate the bowel without being a laxative)
 - burdock, dandelion, yellowdock
- Carminitive (Herbs that help dispel intestinal gas)
- oregano, wormwood

Herbs for the Lungs

- Expectorant (Herbs that aid in the discharge of respiratory mucous) • garlic, mullein, red clover, turmeric, yellow dock
- Demulcent (Herbs that help soothe the mucus membrane)
- mullein, fenugreek

Herbs for the Lymphatic System

- Lymphagogues (herbs that stimulate lymphatic flow)
 - echinacea, kelp, red clover, yellowdock
- Immunomodulant (Herbs that regulate the immune system)
 - echinacea, garlic, green tea, horsetail

Herbs for the Kidneys

- Diuretic (Herbs that increase urine flow)
- artichoke, blessed thistle, burdock, dandelion, fenugreek, horsetail, nettle, oatstraw, pa Herbs for the Skin

- Herbs used to improve the skin (when toxins are released through the skin, irritation can occur. These herbs help to reduce or eliminate this effect)
- burdock root, dandelion, echinacea, oatstraw, red clover

Herbs for the Blood

- Alteratives (Blood purifying herbs)
 - artichoke, burdock root, dandelion, echinacea, hawthorn berry, kelp, nettle, red clover yellowdock

FIRST CLEANSE II

There are 3 catagories of herbs used in the First Cleanse II (Evening form herbs are used to gently stimulate the bowel, and to promote regular elit toxins.

Herbs for the Bowel

- Stimulate peristalsis
- buckthorn bark, rhubarb root
- Soothe intestinal lining
 - flax seed, marshmallow, slippery elm
- Tone and strengthen
- triphala (a blend of indian gooseberry fruit, belleric myrobalan fruit and tropical alm

PhytoGestTM

Included in both the morning and evening formula is PhytoGest[™]. Phyto proprietary blend of herbs and enzymes which acts as a catalyst to ma absorption of the herbal ingredients.

- Aromatic and Stimulant herbs (to assist in proper digestion)
 - ginger root, fennel seed, papaya leaf, cayenne pepper, coriander seed, cumin seed, gentian root, black pepper, peppermint leaf and spearmint leaf
- Enzymes to break down the cell wall of herbs
 - cellulase
